Mission & Vision

“We get the world inside and prevent elderly from loneliness. We enable social interaction with family and friends.”

“It is our vision to help to create a society whereby grandparents remain longer actively and remain independant.”

Compaan

“Growing children and busy at work. As much as I would like it, I cannot make it to my mother as frequent as I want. We are happy to have the Compaan since a while now: we send pictures and I call her regularly. I see the smile on her face and that makes us happy!”

Anne-Marie Verhoeven, Wemmel

Compaan

On top of the standard functionalities we offer service companies and housing & care centers to improve communication and service to residents

- Laundry services
- Lunch services
- Hairdresser – pedicure
- Shopping
- Handyman services
- Household help

Research – Ghent college

- Active grandparents have the idea to miss something of not using internet
- Seniors feel that they are forced by government, organisations and companies to use the internet
- Our goal is to get the barrier to use to internet as low as possible
- Active 65+ internet users don't use the internet to shop and have not the intention to buy over internet
